

# IU Research Data Commons Spring 2025 Webinar Series

*Presents:*

## ***“Your Data & the IRB”***

INDIANA UNIVERSITY RESEARCH

**RESEARCH DATA COMMONS**

# Meet the Panelists

**Heather Coates**

Digital Scholarship and  
Data Management  
Librarian & Data  
Steward for Research  
Data

**Tim Daniel**

Senior Security Analyst  
SecureMyResearch

**Will Drake**

Principal Security  
Analyst  
SecureMyResearch

**Casey Mumaw**

Assistant Director,  
IU HRPP

# IU Data Governance Resources

## Policies related to research data:

- [IU Data Governance Page](#)
- [DM-01](#) Management of Institutional Data
  - [DM-01 Standards](#)
- [DM-02](#) Disclosing Institutional Information to Third Parties
- List of research-related policies: <https://research.iu.edu/policies/index.html>
- HRPP [Research Data Management Policy](#)

## Processes related to research data

- [About the Software and Services Selection Process \(SSSP\)](#)
- [Third-Party Assessment \(3PA\) quick reference guide for requesters](#)

# Other Resources

- Information & IT Policy
  - Policy hierarchy explained:  
<https://informationsecurity.iu.edu/policies/hierarchy.html>
  - Policy administration process summary:  
<https://informationsecurity.iu.edu/policies/process.html>
- Research Privacy:  
<https://privacy.iu.edu/research/index.html>
- Transcription services approved for use with institutional data at IU ([KB article](#))

# SecureMyResearch Support & Resources

## Cookbook

- One-stop, self-service resource that provides recipes for commons research use cases
- Have security and compliance baked in
- Provides step-by-step directions that help you secure your data

Enter keywords related to what you want to do or learn, then **wait a second** for a drop-down with matches.

🔍 Search for a recipe

and recipes (step-by-step directions) to help you get your work done while ensuring that your research is trustworthy. The experts. Many of the recipes are also pre-approved for certain types of **critical data**, for instance HIPAA protected health information workflows.

search bar above titled "Search for a recipe" about what you want to do, for example, "share". Wait a second for a drop-down. If you are looking for, please email [securemyresearch@iu.edu](mailto:securemyresearch@iu.edu) for help. We will take it from there.

### Recipes by topic:

- Data storage
- Data sharing
- Data management
- Data publishing
- Analysis and simulation
- Visualization
- Programming/software
- Cloud

### Need more help?

- [Show me all the recipes.](#)
- [Check out SecureMyResearch FAQs.](#)
- [Email \[securemyresearch@iu.edu\]\(mailto:securemyresearch@iu.edu\).](mailto:securemyresearch@iu.edu)

### Recipes by region:

- HIPAA
- DFARS 25
- FERPA

### Other resources:

- [Search the commons solutions](#)

and send critiques, suggestions for improvements, new use cases/recipes, or any other positive or negative feedback.

# SecureMyResearch Support & Resources

- One-on-one Consulting
  - Single place you can go to get help with cybersecurity and/or compliance issues
  - Email [securemyresearch@iu.edu](mailto:securemyresearch@iu.edu)
- Advocacy
  - Vehicle to communicate your needs and frustrations
  - SecureMyResearch will take your feedback to the appropriate IU stakeholders

# Questions?

**Follow-up Questions? Here's our contact information:**

Research Data Commons: [iurdc@iu.edu](mailto:iurdc@iu.edu)

## **Panelists:**

Heather Coates (Data Steward for Research Data): [datard@iu.edu](mailto:datard@iu.edu)

Will Drake & Tim Daniel (SecureMyResearch):

[securemyresearch@iu.edu](mailto:securemyresearch@iu.edu)

Casey Mumaw (Human Research Protections Program): [irb@iu.edu](mailto:irb@iu.edu)
